

Totti Ski Pole Organizer Installation

Instructions

1. Mark screw holes by installing the rack with the provided screws and no anchors. Remove screws and the holes locations are marked.

2. Drill two holes for anchors with a 3/16 drill

3. Gently tap anchors into the wall.

4. Secure backboard to wall with the 1 1/4 screws and counter sunk washers (provided).

5. Installation is complete. Ski poles hang in pairs, baskets up. Poles on the top tier can be stored handles up
